13 May 2015

Principal’s Message

Dear Parents

As we approach the Reporting period for your child, I am reminded of the strong correlation between student attendance and achievement. Students who miss one day of school each week, will miss 10 days each term or 40 days each year. This equates to 200 hours of learning time lost. Every day missed leads to gaps in your child’s education. Congratulations to those students who have not missed a day of school in 2015.

Two weeks ago, I discovered belatedly that it was National Office Professionals Day. I want to acknowledge our wonderful office staff who do a power of work to ensure that the school is operational each and every day. A school site of our size and working with nearly 1000 parents and around 60 staff can be challenging on any day. We are lucky to have such dedicated office staff looking after our school. Thank you to Chris, Bec and Justine.

This week, our year 3 and 5 students will participate in the National Assessment Program Literacy and Numeracy (NAPLAN). These assessments monitor student learning of Reading, Writing, Language Conventions and Numeracy. Student results are comparable with those of similar aged students across the nation. Important information regarding individuals and groups point to where opportunities for future instruction are. Thanks to Amanda and Graham Waterson and their volunteers for once again providing the relaxing Naplan Breakfast for our students. Thanks also to those parents who sent in donations of eggs.

While I was in classrooms last week, I noted the effort being put in by parent helpers. It was refreshing to see Mums (Dads can too) assisting with the table groups. The added conversation, experience and focus you are able to bring to these groups is worthwhile and adds value to the work of the teacher when delivering their guided reading lessons. Thank you to all the volunteer Mums and Dads for investing the time in your child’s class. I hope all the Mums had a great day on Sunday.

Students in Prep will participate in the Australian Early Development Census this week. The census collects data on 5 key areas of Early Childhood Development to inform national planning regarding early childhood services. Last week I attended a workshop on using the census data for planning which I found interesting and useful. Teachers have undertaken training prior to conducting the assessments. All data is aggregated and no individual student data is identified or kept.

You will have noticed that the space adjacent to the oval has been improved with the removal of topsoil and the installation of road base. The intention is to make this a more serviceable area for parking until further project works are scheduled. Design work is currently being undertaken to allow for costings and future scheduling. It is anticipated that this work take place in stages. Topsoil has been saved to allow for the regeneration of badly eroded areas of the lower playground and plans are underway for regeneration.

The year 4 students attended camp in the Sunshine Coast hinterland. Despite some tired faces on Friday night (on the teachers), the students all appeared to have a wonderful time. I had good reports on the way the year 4 students conducted themselves – well done. Thank you to the teachers and volunteers for their efforts in making this camp an enjoyable experience. Special mention to Mrs Commins for her outstanding organisational efforts.

Congratulations to all on the Tinana cross country team who competed at the Maryborough District Cross Country trials at the showgrounds last week. Tinana State School was placed first in the 10 -12 years division with many of our students finishing in the top five in each division. Special mention to Jake Wagner, Dusty-Leigh Kullboer and Gemma Clark who all achieved 1st places. Other creditable performances came from Brylee Howlett, Charlee Hopper, Lane Wagner, Angel Turner and Corbin Burton who achieved 2nd and 3rd places. This result is a credit to our athletes and to their coach Mrs Murtagh. Thanks to the school staff who contributed to a successful
District Cross Country event, namely, Mrs Murtagh, Miss Ward and Mr Osmond.

In other **sporting news**, it was great to hear that Teya Rufus and Alyssa Cherrie achieved success at the National BMX Championships recently. Teya was placed 2nd in Australia in her age group and 5th in the 8-10 years Cruiser event. Alyssa was placed 5th in the 11 years girls and 7th in the 11-12 years Cruiser event. Well done to these BMX champions.

I am often asked what it feels like being the principal at Tinana State School. I reply, “I have a fantastic job”. I get to work with enthusiastic and responsible students, interested and caring parents, and capable and dedicated staff. What more could a principal wish for?

**Chappy News**

**Year 4 Camp** We should be so proud of our school community. Our **STAFF** gave our students the most amazing camp experience which was fun and educational. We have awesome staff - well done!!

Our **KIDS** were exemplary. Everywhere they went, comments came back remarking at how well they behaved and how they all had such wonderful manners - this is a tribute to loving, caring **PARENTS**!

My favourite camp memory: My group had a team activity which was challenging. All the groups finished but one. Instead of being bored, the other groups rallied around the struggling group and cheered them over the line. I wish I could share the photo of their ecstatic faces at the end.

**WELL DONE TINANA - OUR WHOLE COMMUNITY CAN BE REALLY PROUD!**

**NAPLAN Breakfast Club** is happening now. The mornings before NAPLAN testing (May 12-14) I will be hosting our traditional NAPLAN Breaky Club. **Victory Care Services** and **The Food Basket** will be providing the lion’s share of the food for these events and we are very grateful to their contribution. Pancakes and scrambled eggs are on offer and have been a traditional favourite.

Notes have been sent home to the students who are invited to the Naplan Breaky Club, which is all students in years 3 and 5. These notes will explain the details further. We will be looking for parent volunteers on those mornings to help serve. If you are able to join the team of volunteers please see me and I can give you more information.

**Maryborough Eisteddfod** begins Monday August 10th. While week 5, term 3 seems a long way off, it will come around quickly. I will be working with some junior classes after NAPLAN to prepare them for the Eisteddfod next term. This is always a highlight of my chappy year.

**YCDI Club** won’t happen in weeks 6 or 8. Up until this term, I have had some flexibility with my hours as I only worked as a chappy 4 days/week. I have currently taken an extra day at Aldridge which gives me less flexibility to swap days. Weeks 3 and 6 have been changed due to school camps and week 8 had a change of days due to the Show Holiday.

**School Holiday Program.** For those students who attended our ‘Wreck It Ralph’ school holiday program last year, be sure to book in for the program this year. The theme is ‘Big Hero 6’ and it will run through the second week of the June-July school holidays (July 6-10). It runs every morning from 9-12. More details to come, but if your children enjoyed it last year, be sure to book them in again before spaces fill up again.

Term 2 is big—but let’s make it amazing. Commit to making every day count.

Amanda the Chappy.

ITEMS OFFERED FOR SALE BY TENDER TINANA STATE SCHOOL

Process: The listed items are being made available for sale by Tinana State School via tender process. Tenders must be submitted on the attached tender document.

Timeline: Tenders will be accepted from Wednesday 29th April until 2:30pm Friday 15th May 2015. No tender will be accepted after this time. Persons submitting successful tenders will be notified as early as possible in the following week and are asked to finalise payment and collection of their goods by 2:30pm Friday 22nd May. Delivery charges are the responsibility of the purchaser.

Tenders must be submitted to:-

The Principal,
Tinana State School,
239 Gympie Road Tinana Q 4650

And marked “Confidential”

Condition and Inspection of Goods: Items are available to inspect in the Reprographics Rooms at the School. You will need to contact the Office to arrange viewing.

After the Sale: No warranty or backup service is available, either implied or stated. Tinana State School cannot and will not provide any support either by way of parts or expertise after items have been removed from the school.

Conditions: The Department of Education and The Arts Queensland reserves the right not to accept a tender, and may set a reserve price. Whilst all care has been taken, the Department of Education and the Arts disclaims all liability for loss or damage to person or property arising from removal and subsequent use of any item for tender.

TENDER FOR SECONDHAND ITEMS FROM TINANA SS

This document should be enclosed in an envelope marked “CONFIDENTIAL – OFFER FOR ITEMS” and submitted to:

- The Principal
  Tinana State School
  239 Gympie Road
  TINANA Q 4709

to arrive at the school no later than 2:30pm, Friday 15th May 2015.

Book Club

Cheque/money order or Credit card payments by phone or online are the only method of payment accepted for book club.

- [Scholastic](http://scholastic.com.au/payments)
- [Automated](http://scholastic.com.au/phone) FREE call 1800 557 908
ABSENCES
Please Phone 4120 8066 and leave a message on the Absence Line in the event of a student being absent. Please phone each day your child is absent from school unless the office has been previously advised of the absence. Verbal messages by the student are not sufficient. This prevents any misunderstanding and ensures the safety of your child. Please note that, by law, we are required to report any long term unexplained absences from school which may then be investigated by the police.

LATE ARRIVAL
The school day begins at 8:45am and all staff will begin instruction at this time. Arrivals after 8:45am are considered to be late. Late arrival should be accompanied by a note but parents may ring the office with this information. Students must first report to the office to obtain a late slip that is to be given to their teacher.

EARLY DEPARTURE
Children leaving school early must be picked up from the office. Parents may ring in advance to arrange for their child/ren to be ready for collection, or send a note to the class teacher. Your child will be given an early departure slip from the office.

MONEY COMING TO SCHOOL
Would parents please ensure that any money sent to school for any purposes other than tuckshop is sent directly to the office and is placed in an envelope with student’s name, grade and particular item or excursion they are paying for, clearly marked on the front of envelope. Pre-printed envelopes are available at the office for any payments. Parents that prefer to deposit the funds directly into the school bank account are requested to advise the office of the deposit and to use the student surname and invoice number as the payment reference. As large amounts of money pass through the school office it becomes difficult and time consuming to identify payments without this information.

**P&C News**

https://www.facebook.com/TinanaStateSchoolPandC

**Great News!**

We have a YouTube Channel for Tinana State School P&C!
Family Fun Day Raffle

HAMILTON ISLAND RAFFLE FOR FAMILY FUN DAY

The raffle tickets were sent home last week for the Hamilton Island Raffle for the Family Fun Day in August. I hope everyone has received them from their child. This is the first time we have tried one of these raffles and we are very excited and hope as many parents support the fundraiser as possible.

Don’t forget that as these Raffle Tickets are printed and numbered, we have to account for all raffle tickets. If you do not wish to accept a raffle book, please return them to the school office as soon as possible to allow another family to sell the tickets. Even if you only buy a couple of tickets, please return the book, so we can sell the remainder of the tickets. This is essential for the successful running of this Major Raffle.

21 Books have already been returned sold which is excellent. Have fun selling; I’m sure everyone would love to win a holiday!

Air Conditioning Fundraiser

P & C Resource Voluntary Contribution 2015

Please help us to reach our goals to get air conditioning for all our children

We have received $1,955 to date towards the P & C Resource Voluntary Contribution this year, which is excellent. It’s not too late to send in your contribution. Contributions can be received up until the end of this term. The amount suggested is $20 for one child, $40 for two children and $50 for three or more children at school in grades Prep to Year 6, or feel free to donate more if you wish.

Unfortunately the Queensland Government does not pay for air conditioning of schools in our region. For Tinana State School to be an air conditioned school, we need to fundraise. The comfort of our children, and their ability to learn effectively during our really hot summers, is important to all of us. On average it will cost around $20,000 to air condition one block of rooms. So far this year with all our air conditioning fundraisers we have raised $4,000 (which doesn’t include our most recent very successful Mother’s Day Stall, with final figures to be

P&C Fundraising Information

Mother’s Day Stall

Thank you to everyone who supported the Mother’s Day Stall. It was a great success with students able to buy something special for their mothers or special woman in their life!
known soon), so we are well on our way to reach our first target to be able to air condition one block of rooms.

Thank you to those who have already made a contribution.

Don’t forget our hard working P&C also help fund other resources for the school such as home readers, NAPLAN breakfast, blinds for classrooms, reading books, a $5,000 payment to the School every term, graduation gifts and the new Prep playground, just to name a few.

**BILLY G’S GOURMET COOKIE DOUGH**

Extra Cookie Dough Available

Get in quick there are only 2 tubs of Cookie Dough left (1 Choc Chunk and 1 White Choc Macadamia). If you would like to purchase some more, they are $13 each and are available from the Tuckshop on Tuckshop Days.

**5 Cent Fundraiser**

Check the couch! Check the car! Find your 5 cent pieces for our great new fundraiser! All of the students are having a great time trying to win a Pizza Lunch for their class. Students can bring in their 5 cent pieces any time in Term 2 & 3.

**THE 5 CENT FUNDRAISER**

Start looking around your house, your car, your handbag, your fruit bowl and all other places where 5 cent pieces tend to hide. The 5 cent coin round up provides an easy way to raise funds for our school air conditioning.

Each class will have a plastic bottle for students to put their 5 cent coins in and at the end of term 3 the class with the most coins will win a pizza lunch.

**School Banking**

Each week you can bank as much as you want or as little as 50 cents. Don’t forget School Banking is a great way to teach kids the importance of saving. Introducing kids to the concept of money from an early age puts them in good stead to make financial decisions later in life. It’s also a great way to get the ball rolling on future savings.

**Banking Rewards**

This term we have two new rewards. You can choose to Invisible Ink Martian Pen or Intergalactic Rocket.

**Banker of the Week**

Thomas & Tyler are our week three & four winners. Good luck to everyone and remember you have to bank each week to go into the draw. Enjoy your prizes boys.

**Term 2 Competition**

School Banking Students should have received there Dollarmites Colouring-In Activity. Simply make 5 or more School Banking Deposits to go in the draw to win the prize packs. Drop your finished entries into the box located at the office.

**Gold Platy Trophy**

A big thank you goes to Topline Trophies for donating their services towards the trophy. We will be drawing our first monthly winner next week. Competition is close between classes 1L, 1M, 2S and 2/3DC.

Don’t you think our Gold Platy looks great!

**Commonwealth Bank Competition 2015**

The School Banking program can help put your child on the path to good savings habits. And, in a first for School Banking, it might even put them on a path to Disneyland, where they can ride Space Mountain, meet Mickey Mouse and other Disney...
characters, plus much more! Every student who makes 25 or more School Banking deposits during 2015 will automatically go into the draw to win a trip to California’s Disneyland for up to two adults and two children.

Good luck and let’s get banking.

*Regards Tammy & Jodie Banking Co-ordinators.*

**Grant Committee**

In March 2014 the Grant Writing Committee submitted an application to the Queensland Anzac Centenary Grants Program and was successful in obtaining funding. The wall is dedicated to the past students who fought in WW1.

Please support the below businesses who have helped the school and the Anzac Memorial wall project:-

- Allweld Manufacturing Pty Ltd kindly donated some alloy and welded the yardarms onto the flag pole for us.
- Apex Masonry donated 90 blocks to form the wall.
- Bryne Bros. Concrete donated soil so we could lay our turf.
- Bunnings – gave us $250 dollars to spend in the store.
- Dirt Diggas delivered our soil for free.
- Holmes McLeod Consulting Engineers provided the certification for the wall.
- Jigsaw Garden Centre gave us our lavender and rosemary plants for the garden.
- Neville Ward Fabrications donated some steel for the Anzac area.
- Olds Engineering have given us some tremendous advice and helped us with our dedication plaques.
- Peter Marshall Design Drafting helped with concept drawings and drafted the plans for the wall.
- Topline Trophies gave us a great offer for our sponsor plaques.
- Wide Bay Turf donated all the turf.

Thanks again to everyone who has helped from the very first stages, from our working bees, right through to completion. The School community support has been wonderful and people have not hesitated to go out of their way to help. I cannot express my gratitude enough.

*Leeanne McIndoe*

*P&C President*
2015 BMX NATIONAL CHAMPIONSHIPS

Thursday, Teya represented QLD in the 9 year girls BMX Championships she finished in 2nd place, which contributed to an overall QLD victory.

Friday, Teya raced in the main event ‘The 2015 BMX National Championships’. She earned 2nd place giving her the right to use 2A number plate for the next year. She is currently considered the 2nd best rider in Australia for her age group.

Sunday, Teya raced in the ‘8-10 Girls Cruiser Class’. She raced 8, 9 and 10 year old girls coming 5th in Australia. She did very well considering the girls were older than her.

Teya has qualified for the World Championships to be held in Belgium this year.

Tinana Kindy Enrolments

Tinana Preschool and Kindergarten offers a quality early childhood education program to help prepare your child for prep. Positions are filling up quickly and we encourage parents/carers who would like to secure their child a place for 2017 or 2018 to contact the
kindergarten on 4122 3608. Your child must be 4 years old by July 31 to participate in a kindergarten program.

PARKING ON THE FRASER COAST

Council is committed to making our neighbourhood streets safe. See the attached tips for parking for a guide on parking legally and safely on the Fraser Coast or for further information on parking around our school, you may also like to refer to the council webpage:

RECYCLING FUN FACTS

Plastics - Recycled plastics are in everyday items you use at school - pencils, pens, erasers, watches, and even your backpack will have recycled plastic in it.

Metal - Metal is the easiest “element” to recycle and it is used in everything. From tin cans to car parts, you can find metal that is recycled from something or another. Recycled metal is melted down and poured into molds. Now that is cool. You can’t argue with how cool that is because you’re essentially taking a solid object, making it liquid, then shaping it back up. Recycling at its best.

Paper - This is the most common recycled product. Paper recycling helps reduce air pollution by 74 percent and 35 percent less water pollution. Every ton of paper that is recycled saves 17 trees, 463 gallons of oil, and saves 5 yards of landfill space. Paper is also the cheapest product to recycle because it is so quickly and easily made.

Glass - Glass is like metal. It can be recycled over and over and over again. Most “glass” products that you use are really only a quarter actual glass. It’s amazing because glass isn’t malleable – just highly liquefiable.

Of course there are a lot of other interesting and fun facts about recycling. No matter how interesting the fact is, we still have to recycle for the betterment of our environment. You will find it satisfying and rewarding.

Imagine standing on stage during a live performance by the Australian Chamber Orchestra!

ACO VIRTUAL takes you there. Fusing digital technologies with visual and sonic innovation, this ground-breaking interactive installation allows you to conduct and even play along with the ACO.

This is an extraordinary new way to experience music.

Location: Gatakers Artspace – 131 Kent Street, Maryborough
Dates: 20 June – 2 August 2015

ACO VIRTUAL uses state of the art technology and features projections of 13 of the ACO’s acclaimed musicians. Audiences are surrounded, with the sound of each musician coming from the direction of their individual projections. A touch-screen “music stand” allows you to spotlight and listen to one musician, a section of instruments or your desired selection of players. You step “inside” a concert and are immersed in a cinematic experience, surrounded by the musicians and manipulating what you hear and see.

The musical score can be turned on to display along the bottom of the screen, meaning anyone who plays an instrument can play along with the ACO, even standing in for Richard Tognetti himself. A smartphone application further enriches the experience with information about the music, the ACO musicians and their instruments.

The work runs for 30 minutes and comprises carefully selected music by Bach, Greg, Smoly and Pizzicato, designed to maximise the opportunity for audience participation. It delivers a unique and inspiring learning environment, giving you the opportunity to engage with – and learn from – world-class musicians you may not ordinarily have the chance to see performing on stage.

ACO VIRTUAL was produced by the Australian Chamber Orchestra and Meat Productions.

Things to see and do:

- See how fast the musician’s fingers move;
- Hear the sounds of each instrument around you;
- Experience what the cellos sound like on their own, or even just the double bass;
- Follow along with the projected musical score;
- Bring your own instrument and play along with the installation;
- Take a photo of the ‘greatest chamber orchestra on earth!’ and stand in for Richard Tognetti himself!

Planning your school visit:

- Entry to Gatakers Artspace is free;
- Recommended time in exhibition: allow approximately 30 minutes per session;
- Group Size: a maximum of 35 can be booked per session;
- We encourage you to divide your students into small groups. Gatakers Artspace has exhibitions in each of the four galleries. As students explore the exhibition, adults can facilitate the learning process, such as reading out text, asking questions or sharing observations.

Make a booking:

All groups must book in advance to ensure access to the exhibition and availability of our staff to meet and assist your group.
